

Directorate of Research

CENTRE FOR RESEARCH DEVELOPMENT & SUSTENANCE

Centre for Research Development & Sustenance (CRDS) was established with a mission to promote research by encouraging, rewarding and making the faculty and students of Malla Reddy Vishwavidyapeeth (MRV) Institutions expertise on subjects connected to Medical, Dental, Nursing, Engineering, Pharma & Allied Health Sciences.

It builds an environment in which all the faculty strive to improve their scientific and research skills. The foundation has its own budget dedicated to research and on scrutiny and approval by the Research Committee funds are made available to carry out the research.

All the faculty members are informed to identify their research topic of interest and submit the synopsis to the research committee for verification and approval from the Ethics Committee. The faculty should complete the research and send it for publication in a given time frame.

Financial assistance of seed money is provided for Faculty and student research projects who excel in research by way of publication. Appropriate awards and recognition are provided for distinguished achievements in research.
