Venue : Clinical Lecture Gallery, II Floor
Malla Reddy Narayana Multispeciality Hospital, Hyderabad.

AIM OF THE CPD ON SEXUALLY TRANSMITTED INFECTIONS (STIs)

The burden of the disease of Sexually Transmitted Infections (STIs) is large and it disproportionately effects developing countries. The prevalence and incidence of STIs other than HIV are high in much of the developing world because of diagnosis and treatments are often inaccessible, delayed or inadequate. Complications are common with their attendant high morbidity and mortality. The post graduate students of DVL has to face paper on STDs/STIs in their final examination Hence the department of DVL MRM CW under Mallareddy Viswavidyapeeth in association with the Telangana state branch of IADVL is bringing a CPD Programme on STIs for the benefit of post graduates of DVL and other faculty members to bring awareness on Sexually Transmitted Infections (STIs).
