UPDATE ON PAEDIATRIC CRITICAL CARE

ORGANISED BY
Department of Paediatrics, MRIMS

DATE: 11th June 2025, Wednesday

TIME: 08:00 AM to 05:30 PM

Venue : Ivan Pavlov Lecture Gallery, Ground Floor, College Block, MRIMS, Suraram

DEAR DELEGATES

"A Stitch in time saves nine."

This adage highlighting the importance of early & prompt intervention is the cornerstone of Pediatric Critical Care where time is of the essence and can make all the difference in saving tiny lives.

With rapidly emerging & re-emerging illnesses and treatment guidelines, it is paramount that the pediatricians have to constantly update their arsenal & hone their skills to provide the quality care that each child deserves.

To facilitate this, we Department of Pediatrics, MRIMS have put together this CPD-Update on Pediatric Critical Care, bringing together the best minds in the field to share their expertise & experience on the different areas of Pediatric Critical Care.

This program is designed to provide the post-graduates and practising pediatricians with the necessary knowledge to enhance clinical decision-making, provide timely treatment & improve patient outcomes. We look forward for your participation.
