

## FELLOWSHIP IN DEVELOPMENTAL & BEHAVIOURAL PAEDIATRICS

---

### ABOUT THE UNIVERSITY

Malla Reddy Vishwavidyapeeth is a reputed educational institution located in Hyderabad, Telangana, India. Recognized as a “Deemed to be University under Distinct (Existing) Category,” the university offers multidisciplinary programs across medical, dental, nursing, pharmaceutical sciences, and allied health sciences. The institution emphasizes academic excellence, clinical expertise, innovation, and global collaboration in advancing healthcare education.

---

### PROGRAM OVERVIEW

The Fellowship in Developmental & Behavioural Paediatrics is a one-year advanced program designed to train healthcare professionals in the assessment and management of developmental and behavioural disorders in children.

The program focuses on:

- Developmental delays and milestones assessment
- Autism spectrum disorders and ADHD
- Learning disabilities and behavioural disorders
- Early intervention and rehabilitation strategies
- Speech, language, and cognitive development
- Multidisciplinary and family-centered care

The program integrates clinical training, developmental assessment, and therapeutic approaches to ensure comprehensive expertise in developmental and behavioural paediatrics.

### PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

Graduates will be able to:

1. Develop expertise in developmental and behavioural paediatrics.
  2. Assess and diagnose developmental disorders.
  3. Manage behavioural and learning disorders effectively.
  4. Implement early intervention and rehabilitation strategies.
  5. Provide family-centered care and counselling.
  6. Integrate research into developmental paediatrics.
-

## PROGRAM OUTCOMES (POS)

1. **Clinical Expertise:** Manage developmental and behavioural disorders.
  2. **Diagnostic Skills:** Assess developmental milestones and delays.
  3. **Therapeutic Skills:** Implement behavioural and rehabilitation strategies.
  4. **Early Intervention:** Provide timely intervention and support.
  5. **Multidisciplinary Care:** Coordinate with therapists and specialists.
  6. **Research Orientation:** Contribute to developmental paediatrics research.
- 

## COURSE OUTCOMES (COS)

- CO1: Diagnose developmental and behavioural disorders.
  - CO2: Assess developmental milestones.
  - CO3: Manage autism, ADHD, and learning disabilities.
  - CO4: Implement early intervention strategies.
  - CO5: Integrate clinical and behavioural care practices.
- 

## PROGRAM-SPECIFIC OUTCOMES (PSOS)

1. Demonstrate expertise in developmental and behavioural paediatrics.
  2. Apply advanced assessment and therapeutic techniques.
  3. Integrate clinical practice with multidisciplinary care.
- 

## PROGRAM DETAILS

- Certificate Awarded by: Malla Reddy Vishwavidyapeeth
  - Program Duration: One-Year Fellowship (to be University)
  - Mode of Delivery: Clinical + Therapy + Theoretical Training
- 

## ELIGIBILITY CRITERIA

- Academic Qualification: MD/DNB Paediatrics or equivalent
  - Professional Requirement: As per institutional norms
- 

## KEY FEATURES

- Advanced training in developmental and behavioural paediatrics
- Hands-on exposure to developmental assessment tools

- Training in early intervention and therapy approaches
  - Focus on autism, ADHD, and learning disorders
  - Evidence-based multidisciplinary practice
- 

## LEARNING OUTCOMES

---

### KNOWLEDGE & UNDERSTANDING

- Comprehensive understanding of developmental and behavioural disorders
- 

### COGNITIVE SKILLS

- Clinical decision-making in developmental paediatrics
- 

### PRACTICAL & PROFESSIONAL SKILLS

- Proficiency in developmental assessment and therapy planning
  - Hands-on experience in clinical and therapy settings
- 

### TRANSFERABLE SKILLS

- Patient and family counselling
- 

### SUBJECT-SPECIFIC SKILLS

- Advanced developmental and behavioural paediatrics techniques
- 

## CURRICULUM MODULES – THEORY

---

### SEMESTER 1: FUNDAMENTALS OF DEVELOPMENTAL PAEDIATRICS

- Developmental Milestones
  - Autism Spectrum Disorders
  - ADHD
  - Learning Disabilities
  - Assessment Tools
  - Clinical Rotations
- 

### SEMESTER 2: ADVANCED DEVELOPMENTAL & BEHAVIOURAL PAEDIATRICS

- Early Intervention
- Rehabilitation Strategies
- Speech & Language Development

- Multidisciplinary Care
  - Case Studies
  - Research Project
- 

#### PRACTICAL COURSEWORK

- Developmental assessment
  - Behavioural therapy planning
  - Clinical case management
  - Therapy sessions
  - Case discussions
  - Research and documentation
- 

#### CAREER OUTCOMES

Graduates can pursue careers as:

- Developmental Paediatrician
- Behavioural Specialist
- Child Development Expert
- Clinical Researcher
- Academic and Teaching Professional
