

FELLOWSHIP IN LARYNGOLOGY

ABOUT THE UNIVERSITY

Malla Reddy Vishwavidyapeeth is a reputed educational institution located in Hyderabad, Telangana, India. Recognized as a “Deemed to be University under Distinct (Existing) Category,” the university offers multidisciplinary programs across medical, dental, nursing, pharmaceutical sciences, and allied health sciences. The institution emphasizes academic excellence, clinical expertise, innovation, and global collaboration in advancing healthcare education.

PROGRAM OVERVIEW

The Fellowship in Laryngology is a specialized clinical program designed to develop expertise in the diagnosis and management of disorders related to the larynx, voice, and airway.

The program focuses on:

- Anatomy and physiology of the larynx and voice
- Voice disorders and phonatory dysfunction
- Laryngeal pathologies and tumors
- Airway disorders and management
- Microlaryngeal and endoscopic surgical techniques
- Voice rehabilitation and therapy

The program integrates **clinical exposure, theoretical learning, and hands-on surgical training**, ensuring comprehensive expertise in laryngology.

(Deemed to be University)

PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

Graduates will be able to:

1. Diagnose and manage voice and laryngeal disorders.
 2. Perform laryngeal and airway surgical procedures.
 3. Apply voice rehabilitation and therapy techniques.
 4. Deliver patient-centered and evidence-based care.
-

PROGRAM OUTCOMES (POS)

1. **Clinical Expertise:** Diagnose and manage voice disorders, laryngeal diseases, and airway conditions.
 2. **Surgical Skills:** Perform microlaryngeal and endoscopic airway surgeries.
 3. **Diagnostic Proficiency:** Utilize laryngoscopy and imaging for evaluation.
 4. **Voice Rehabilitation:** Apply voice therapy and rehabilitation techniques.
 5. **Comprehensive Care:** Manage benign and malignant laryngeal conditions.
 6. **Multidisciplinary Approach:** Collaborate with speech therapists and oncologists.
 7. **Evidence-Based Practice:** Apply updated clinical guidelines in laryngology.
-

COURSE OUTCOMES (COS)

- **CO1:** Understand anatomy and physiology of the larynx.
 - **CO2:** Diagnose and manage laryngeal and voice disorders.
 - **CO3:** Perform laryngeal surgical procedures.
 - **CO4:** Apply voice therapy and rehabilitation techniques.
 - **CO5:** Manage airway and related conditions effectively.
-

PROGRAM-SPECIFIC OUTCOMES (PSOS)

1. Demonstrate expertise in laryngeal diagnosis and treatment.
 2. Perform advanced laryngeal surgical procedures.
 3. Integrate multidisciplinary approaches in voice and airway care.
-

PROGRAM DETAILS

- **Certificate Awarded by:** Malla Reddy Vishwavidyapeeth
 - **Program Duration:** One-Year Fellowship
 - **Mode of Delivery:** Clinical Training + Surgical Exposure + Theoretical Learning
-

ELIGIBILITY CRITERIA

- **Academic Qualification:** MBBS / MS/DNB (ENT) or related specialties
 - **Professional Requirement:** As per institutional guidelines
-

KEY FEATURES

- Specialized training in laryngology and voice disorders
- Hands-on exposure to microlaryngeal and endoscopic surgeries
- Training in laryngoscopy and diagnostic techniques

- Focus on voice rehabilitation and airway management
 - Exposure to benign and malignant laryngeal conditions
 - Integration of ENT with speech therapy and oncology
 - Evidence-based clinical practice
-

LEARNING OUTCOMES

KNOWLEDGE & UNDERSTANDING

- Comprehensive understanding of laryngeal anatomy and voice disorders.
-

COGNITIVE SKILLS

- Clinical decision-making in laryngeal and airway conditions.
-

PRACTICAL & PROFESSIONAL SKILLS

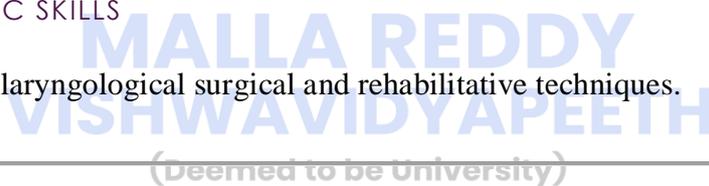

- Proficiency in laryngeal surgery and diagnostic procedures.
 - Hands-on experience in ENT surgical settings.
-

TRANSFERABLE SKILLS

- Patient communication and voice counseling skills.
 - Clinical documentation and case management.
-

SUBJECT-SPECIFIC SKILLS

- Advanced laryngological surgical and rehabilitative techniques.
-

CURRICULUM MODULES – THEORY

- Anatomy and Physiology of Larynx
 - Voice Disorders and Phonatory Mechanisms
 - Laryngeal Pathologies and Tumors
 - Airway Disorders and Management
 - Laryngoscopy and Diagnostic Techniques
 - Microlaryngeal Surgery
 - Voice Therapy and Rehabilitation
 - Oncology in Laryngology
 - Complications and Post-Operative Care
 - Advances in Laryngology
-

PRACTICAL COURSEWORK

- Clinical training in ENT and laryngology units
- Laryngoscopy and diagnostic procedures
- Management of voice and airway disorders
- Observation and assistance in laryngeal surgeries
- Voice therapy and rehabilitation techniques
- Patient evaluation and follow-up care
- Case documentation and clinical assessment

CAREER OUTCOMES

Graduates of the Fellowship in Laryngology can pursue careers as:

- Laryngology Specialist
- ENT Surgeon (Voice & Airway Focus)
- Voice Rehabilitation Specialist
- Clinical Practitioner in ENT Hospitals
- Academic and Research Roles in Laryngology
