

## FELLOWSHIP IN URO-GYNAECOLOGY SURGERY

---

### ABOUT THE UNIVERSITY

Malla Reddy Vishwavidyapeeth is a reputed educational institution located in Hyderabad, Telangana, India. Recognized as a “Deemed to be University under Distinct (Existing) Category,” the university offers multidisciplinary programs across medical, dental, nursing, pharmaceutical sciences, and allied health sciences. The institution emphasizes academic excellence, clinical expertise, innovation, and global collaboration in advancing healthcare education.

---

### PROGRAM OVERVIEW

The Fellowship in Uro-Gynaecology Surgery is a one-year advanced program designed to develop expertise in the diagnosis and management of pelvic floor disorders.

The program focuses on:

- Urinary incontinence and pelvic organ prolapse
- Pelvic floor dysfunction diagnosis and management
- Minimally invasive and robotic surgical techniques
- Sling surgeries and reconstructive pelvic procedures
- Urodynamic studies and diagnostic techniques
- Postoperative care and rehabilitation

The program integrates clinical exposure, hands-on surgical training, and advanced techniques to ensure specialization in uro-gynaecology.

Department-of-Nephrology-Urolog...  
(Deemed to be University)

---

### PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

Graduates will be able to:

1. Diagnose and manage pelvic floor disorders effectively.
  2. Perform advanced uro-gynaecological surgeries.
  3. Apply minimally invasive surgical techniques with precision.
  4. Deliver patient-centered and evidence-based care.
- 

### PROGRAM OUTCOMES (POS)

1. **Surgical Expertise:** Master advanced uro-gynaecological procedures.
  2. **Minimally Invasive Skills:** Perform robotic and laparoscopic surgeries.
  3. **Clinical Knowledge:** Understand pelvic floor disorders and treatments.
  4. **Postoperative Care:** Manage recovery and complications effectively.
  5. **Research Orientation:** Contribute to uro-gynaecology advancements.
- 

#### COURSE OUTCOMES (COS)

- CO1: Perform surgeries for pelvic floor dysfunction.
  - CO2: Manage complex uro-gynaecological conditions.
  - CO3: Apply minimally invasive and robotic techniques.
  - CO4: Provide effective postoperative care and rehabilitation.
  - CO5: Conduct clinical research in uro-gynaecology.
- 

#### PROGRAM-SPECIFIC OUTCOMES (PSOS)

1. Demonstrate expertise in uro-gynaecological surgery.
  2. Apply advanced diagnostic and surgical techniques.
  3. Integrate clinical, procedural, and research approaches.
- 

#### PROGRAM DETAILS

- **Certificate Awarded by:** Malla Reddy Vishwavidyapeeth
  - **Program Duration:** One-Year Fellowship
  - **Mode of Delivery:** Clinical + Hands-on + Theoretical
- 

(Deemed to be University)

---

#### ELIGIBILITY CRITERIA

- **Academic Qualification:** MD/MS in Obstetrics & Gynaecology, Urology, or equivalent
- **Professional Requirement:** As per institutional norms

Department-of-Nephrology-Urolog...

---

#### KEY FEATURES

- Advanced training in pelvic floor disorders
- Hands-on exposure to uro-gynaecological surgeries
- Training in minimally invasive and robotic techniques

- Focus on incontinence and prolapse management
  - Evidence-based surgical practice
- 

## LEARNING OUTCOMES

---

### KNOWLEDGE & UNDERSTANDING

- Comprehensive understanding of pelvic floor anatomy and disorders
- 

### COGNITIVE SKILLS

- Clinical decision-making in complex uro-gynaecological cases
- 

### PRACTICAL & PROFESSIONAL SKILLS

- Proficiency in advanced surgical procedures
- 

### TRANSFERABLE SKILLS

- Patient counseling and multidisciplinary coordination
- 

### SUBJECT-SPECIFIC SKILLS

- Advanced pelvic reconstructive and minimally invasive techniques
- 

## CURRICULUM MODULES – THEORY

- Principles of Uro-Gynaecology
  - Pelvic Floor Dysfunction
  - Diagnostic Techniques (Urodynamics, Cystoscopy)
  - Uro-Gynaecological Surgical Techniques
  - Minimally Invasive & Robotic Surgery
  - Complex Pelvic Floor Disorders
  - Postoperative Care & Rehabilitation
  - Uro-Gynaecology in Elderly
  - Research & Case Studies
- 

## PRACTICAL COURSEWORK

- Sling surgeries and prolapse repair
- Urodynamic testing and diagnostics
- Minimally invasive surgical procedures

- Complex case management
  - Clinical discussions and research
- 

## CAREER OUTCOMES

Graduates can pursue careers as:

- Uro-Gynaecologist
- Pelvic Floor Specialist
- Minimally Invasive Surgery Specialist
- Consultant in Women's Health
- Academic & Research Professional
