

FELLOWSHIP IN TRICHOLOGY

ABOUT THE UNIVERSITY

Malla Reddy Vishwavidyapeeth is a reputed educational institution located in Hyderabad, Telangana, India. Recognized as a “Deemed to be University under Distinct (Existing) Category,” the university offers multidisciplinary programs across medical, dental, nursing, pharmaceutical sciences, and allied health sciences. The institution emphasizes academic excellence, clinical expertise, innovation, and global collaboration in advancing healthcare education.

PROGRAM OVERVIEW

The Fellowship in Trichology is a one-year advanced program designed to provide healthcare professionals with specialized knowledge and practical skills in the diagnosis and management of hair and scalp disorders.

The program focuses on:

- Diagnosis and management of common hair disorders such as alopecia and hair loss
- Understanding hair biology, hair growth cycles, and scalp health
- Medical and therapeutic treatments for hair disorders
- Hair restoration techniques and advanced trichological procedures
- Patient counseling and lifestyle management for hair health
- Research and advancements in trichology

The fellowship integrates theoretical learning, clinical exposure, and hands-on training to develop expertise in hair and scalp disease management.

(Deemed to be University)

PROGRAM EDUCATIONAL OBJECTIVES (PEOS)

Graduates will be able to:

1. Develop expertise in diagnosing and managing various hair and scalp disorders.
2. Understand hair biology, growth cycles, and factors affecting hair health.
3. Apply medical and therapeutic treatments for hair loss and scalp conditions.
4. Improve patient consultation and counseling related to hair care and treatment.
5. Conduct research to advance knowledge and treatment strategies in trichology.

PROGRAM OUTCOMES (POS)

1. **Expertise in Hair Disorder Diagnosis:** Identify and manage different types of hair loss and scalp disorders.
2. **Knowledge of Hair Biology:** Understand hair growth cycles and factors affecting hair health.
3. **Advanced Hair Treatment Techniques:** Apply medical and therapeutic approaches for hair restoration and scalp treatment.
4. **Patient Counseling Skills:** Provide effective consultation and guidance for hair care and lifestyle management.
5. **Hair Restoration Knowledge:** Understand modern hair restoration techniques and treatment methods.
6. **Research in Trichology:** Contribute to research and evidence-based practices in hair science.

COURSE OUTCOMES (COS)

- **CO1:** Diagnose various hair and scalp disorders through clinical evaluation.
- **CO2:** Apply medical treatments for conditions such as alopecia and hair thinning.
- **CO3:** Understand trichoscopy and diagnostic techniques used in trichology.
- **CO4:** Develop treatment plans for hair restoration and scalp health management.
- **CO5:** Provide patient counseling regarding hair care and preventive strategies.
- **CO6:** Conduct research and apply evidence-based practices in trichology.

PROGRAM-SPECIFIC OUTCOMES (PSOS)

1. Demonstrate expertise in diagnosing and managing hair and scalp disorders.
2. Apply modern trichological treatment techniques and therapies.
3. Integrate research and innovation into trichology practice.

(Deemed to be University)

PROGRAM DETAILS

- **Certificate Awarded by:** Malla Reddy Vishwavidyapeeth
- **Program Duration:** One-Year Fellowship
- **Mode of Delivery:** Clinical Training + Theoretical Learning + Hands-on Practice
- **Total Credits:** 40

ELIGIBILITY CRITERIA

- **Academic Qualification:** MBBS with MD/DNB in Dermatology or equivalent medical qualification
- **Professional Requirement:** As per institutional norms

KEY FEATURES

- Specialized training in hair and scalp disorders
 - Hands-on experience in trichological diagnostic techniques
 - Exposure to modern hair restoration therapies
 - Training in patient consultation and hair care management
 - Research-oriented approach in trichology
-

LEARNING OUTCOMES

KNOWLEDGE & UNDERSTANDING

Comprehensive understanding of hair biology, scalp disorders, and trichological treatments.

COGNITIVE SKILLS

Ability to analyze hair and scalp conditions and develop appropriate treatment strategies.

PRACTICAL & PROFESSIONAL SKILLS

Hands-on expertise in diagnosing hair disorders and applying treatment techniques for hair restoration.

TRANSFERABLE SKILLS

Effective patient communication, consultation skills, and ethical clinical practice.

SUBJECT-SPECIFIC SKILLS (Deemed to be University)

Advanced expertise in trichology, hair restoration therapies, and scalp disorder management.

CURRICULUM MODULES – THEORY

- Introduction to Trichology
- Hair Biology and Hair Growth Cycle
- Alopecia and Hair Loss Disorders
- Scalp Disorders and Infections
- Diagnostic Techniques in Trichology
- Medical Treatments for Hair Disorders
- Hair Restoration Techniques
- Nutritional and Lifestyle Factors in Hair Health

- Cosmetic and Therapeutic Hair Treatments
 - Research Methodology in Trichology
-

PRACTICAL COURSEWORK

- Clinical training in diagnosis of hair and scalp disorders
 - Trichoscopy and hair diagnostic techniques
 - Medical treatment planning for hair loss conditions
 - Patient counseling and hair care management
 - Clinical case discussions and research documentation
-

CAREER OUTCOMES

Graduates of the Fellowship in Trichology can pursue careers as:

- Trichology Specialist
- Hair Restoration Consultant
- Dermatology Practitioner specializing in Hair Disorders
- Clinical Practitioner in Hair and Scalp Clinics
- Academic and Research Professional in Trichology
