MESSAGES FROM THE LEADERSHIP

Founder Chairman

Shri Ch. Malla Reddy

Founder Chairman, Chandramma Educational Society

Chandramma Educational Society (CES) is the sponsoring body which was founded in 2002 by Shri Ch. Malla Reddy, the Founder Chairman, who has over three decades of experience in the field of education spanning Engineering, Technology, Management, Medical, Dental, Pharmacy, Nursing, Allied Healthcare Sciences, Agricultural Sciences, Life Sciences, Commerce, Arts, International Schools and Junior Colleges, with the exquisite aim of spreading quality education as 'The Largest Group of Educational Institutions in the State of Telangana'.

Shri Ch. Malla Reddy embarked on his journey as an educationist with the aspiration of bridging the gap between society, industry and academia. CES has decades of experience in all domains of education, especially in healthcare, technology and management, and is uniquely positioned to commence cutting-edge academic and research programmes in emerging fields focusing on interdisciplinary education. CES possesses all the resources required to establish Malla Reddy Vishwavidyapeeth (MRV) as a Deemed to be University.

Chairman

Dr. Ch. Bhadra Reddy

MD (Gen. Med.)

Chairman

"True dynamic with a fountain of knowledge."

Dr. Ch. Bhadra Reddy, Treasurer, MRGI, is a highly qualified professional with an M.D. degree in Medicine. With his youthful presence and proactive approach, he tirelessly endeavours to shape the destiny of the student community by imparting quality education in a conducive environment, thereby motivating students to successfully meet the contemporary needs of industry.

Vice-Chairman

Dr. Ch. Preeti Reddy

MD (Gen. Med.)

Vice-Chairman

"The inspirational intellect of the next generation."

Dr. Ch. Preeti Reddy is an experienced medical professional who has always endeavoured to contribute towards the upliftment of society by enabling affordable healthcare through holistic methodologies. She oversees the overall operations of the organisation, besides being in charge of the complete clinical and non-clinical talent acquisition activities of the Group.

Chancellor

Dr. K. N. Sudha Ramana

MD, DM (Gastro)

Chancellor, Malla Reddy Vishwavidyapeeth

Dear Students, Faculty and Esteemed Well-Wishers,

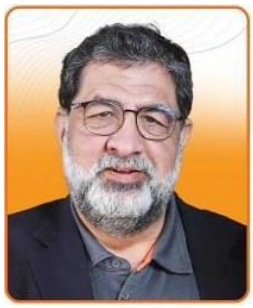

It is with immense pride that I present the Annual Report of Malla Reddy Vishwavidyapeeth, Deemed to be University, for the Academic Year 2025–26. This report reflects the vibrant academic journey, achievements and collective commitment of our University towards excellence, innovation, research and holistic development.

Our University is home to a constellation of prestigious institutions, each a beacon of specialised knowledge in Medical, Dental, Pharmacy, Nursing, Digital Health, Allied Healthcare Sciences, Public Health, Emerging Healthcare, and Engineering & Technology. Together, they exemplify our dedication to fostering expertise across healthcare, engineering and pharmaceutical sciences, with a distinct emphasis on empowering women to lead in traditionally male-dominated fields.

We will continue to prioritise interdisciplinary collaboration, industry partnerships and global engagement, so that our students are equipped with the skills to address tomorrow’s challenges. Our focus remains on nurturing compassionate professionals who are not only leaders in their disciplines but also agents of positive change in society.

I appreciate the collective efforts of our faculty, students and staff in strengthening MRV as a centre of knowledge and transformation, and I reaffirm our commitment to accessibility, excellence and equity.

Vice-Chancellor

Prof. Anil Kaul

Vice-Chancellor, Malla Reddy Vishwavidyapeeth

Dear Students, Faculty and Esteemed Stakeholders,

I am delighted to present the Annual Report 2025–26, which captures a year of remarkable progress for Malla Reddy Vishwavidyapeeth. During the year, all seven constituent colleges were ranked in the IIRF rankings, with every college ranked in both years improving its All India Rank. The University was placed at All India Rank 22 in the Medical category of the India Today rankings in its very first participation, and retained the Platinum rating for Mental Health & Wellbeing.

Research has emerged as a defining strength. 2026 is the University's best year on record for Scopus-indexed output; ten University Research Policies were approved and ratified; research incentives of ₹36.55 lakh were disbursed to 130 faculty members; competitive external grants were secured from ICMR, ANRF, DHR, Wellcome / Challenge Works UK and TANUH; and our incubation centre now nurtures eleven start-ups.

Equally significant is our commitment to students and society — interdisciplinary Health + Technology projects with engineering students, the paperless examination and digital evaluation system, and hundreds of community outreach camps across rural and urban Telangana. I congratulate every member of the MRV family and encourage all of us to keep striving towards excellence and impactful contributions to society.

Registrar

Prof. Harihara Prakash Ramanathan

Registrar, Malla Reddy Vishwavidyapeeth

The Annual Report 2025–26 is a record of our collective progress, achievements and continuous pursuit of quality education. It brings together the academic, research, extension and student-development activities of all our Constituent Colleges and Schools of Eminence in a single, consolidated document.

The year saw the strengthening of our statutory and governance framework, the ratification of the University's research policies, structured faculty development, and comprehensive documentation of quality processes through the IQAC. I extend my sincere appreciation to the Deans, Principals, faculty members, coordinators and students whose dedication made MRV a dynamic and progressive institution, and whose contributions are reflected in these pages.

VISION, MISSION AND OBJECTIVES

Vision

1. MRV AT A GLANCE

"Malla Reddy Vishwavidyapeeth" (MRV), Deemed to be University under the Distinct (Existing) Category, is sponsored by the Chandramma Educational Society (CES) founded by the visionary Shri Ch. Malla Reddy. MRV aspires to evolve into a Centre of Excellence by undertaking new initiatives, building world-class infrastructure, fostering international collaborations, introducing innovative programmes, establishing partnerships with industries, hiring well-qualified and globally trained faculty, promoting talent, nurturing research and innovation, and engaging in outreach activities with a sustainable fund flow.

Encompassing a sprawling 70-acre campus at Suraram, Hyderabad, MRV has state-of-the-art facilities within its academic, administrative and amenity blocks. The cosmopolitan ambience attracts a diverse student population, fostering an environment conducive to learning, with experienced faculty with international exposure, a curriculum that includes cutting-edge technologies, and knowledge partnerships that encourage innovation.

Certifications

ISO 9001:2015 (Quality Management System), ISO 14001:2015 (Environmental Management System) and ISO 50001:2018 (Energy Management System) certificates were renewed on 22 July 2026 to the constituent colleges (as reported by MRMCW and MRDCW). MRIMS underwent NABL inspection of its laboratory services in January 2026, and the Paediatrics department of MRMC W was inaugurated as an IAP-accredited nodal centre on 25 September 2025.

Key Observations

- All NAAC, NBA (CSE & ECE) and NABL accreditations held in AY 2024-25 continue in AY 2025-26; MRIPS has submitted its E-SAR to NBA and obtained its first QCI–NABET rating.
- MRTC retained its NPTEL AA rating, improving from State Rank 5 to 2 and All India Rank 86 to 63.
- In IIRF, all five institutions ranked in both years improved their All India Rank (MRIDS +11, MRCN +10, MRIPS +8, MRDCW +6, MRTC +6); MRIMS and MRMCW entered IIRF for the first time, taking the total to seven ranked constituent colleges.

- The University and its institutions participated in India Today and The Week rankings for the first time, with the University placed at All India Rank 22 in the Medical category of India Today.
- The University retained the Platinum rating in the World Institutional Ranking for Mental Health & Wellbeing.

6. RESEARCH AND DEVELOPMENT — DIRECTORATE OF RESEARCH

The Directorate of Research (DoR) is the apex body overseeing research advancement at Malla Reddy Vishwavidyapeeth. It nurtures a culture of excellence in scientific inquiry, innovation and interdisciplinary collaboration across medical, dental, pharmaceutical, nursing, engineering, digital health, allied and public health and basic sciences, through its Publication Cell, Grant Management Office, Centre for Doctoral Studies, Clinical Research Unit, and the Innovation, Patents, Commercialisation & Incubation division (MRFRI).

835 Scopus documents, 2009–2026	**414** Documents in 2026 (49.6% of all-time output)	**93** Original articles in 2026	**₹36.55 L** Research incentives, Aug 2025 – Jun 2026
10 Research policies ratified by AC & EC	**208** Ph.D. applications; 71 research guides	**11** Start-ups incubated	**6** Industry-sponsored clinical trials

6.1 MRV Research Policies

All ten University Research Policies were approved by the University Research Committee (URC) and ratified by the Academic Council and the Executive Council, providing a comprehensive framework governing research funding, conduct, talent and intellectual property.

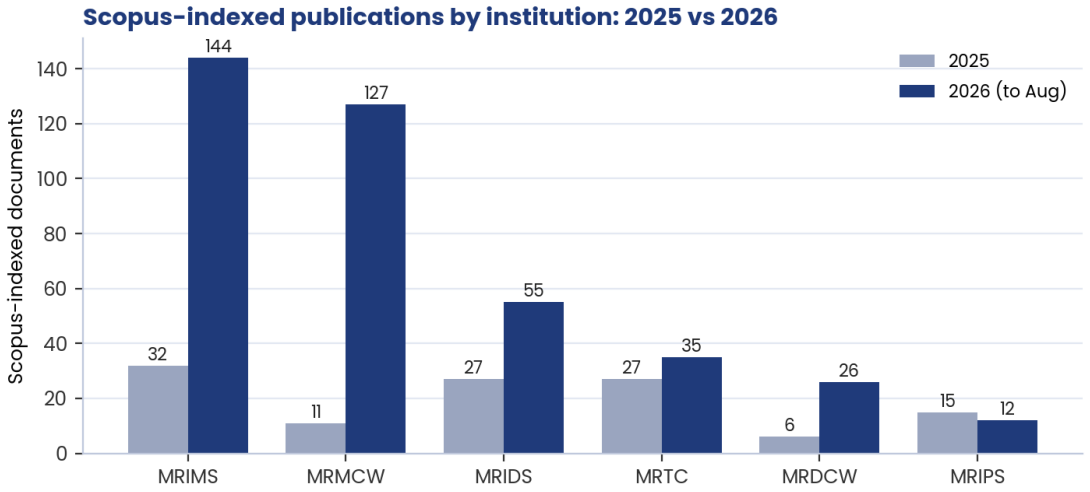

Domain	Policies
Funding & Finance	Research Finance & Infrastructure Cell Policy; Seed Grant Policy; Faculty Development Fund Policy; Consultancy Policy
Governance & Ethics	Research Policy; Research Incentive Policy; Code of Ethics Policy
Talent, Innovation & IP	Ph.D. Policy; Innovation & Start-up Policy; Intellectual Property Rights Policy

Under the Faculty Development Fund (FDF) Policy, permanent faculty and scientific officers receive support once per academic year for presenting a paper or poster — up to ₹30,000 for events within India

and ₹50,000 for events outside India (registration fee only for events within Telangana), with prior HOD and Dean approval.

6.2 Publication Analytics

MRV has 835 Scopus-indexed documents (2009–2026), of which 414 were published in 2026 alone — 49.6% of all-time output — including 93 original articles, making 2026 the University's best year on record. Institution-wise Scopus output rose sharply between 2025 and 2026 for MRIMS (32 → 144), MRMCW (11 → 127), MRIDS (27 → 55), MRTC (27 → 35) and MRDCW (6 → 26).

Source: Publication Cell, Directorate of Research — Scopus dataset. Institution counts are affiliation-based and are not additive to the University total.

The Publication Cell (In-charge: Dr. Neema Kumari; Scientific Writer: Dr. Ameer Khusro; Biostatistician: Dr. Palavardhan P.) ran a four-module Manuscript Writing & Publication Skills (MWPS) series from April to August 2026 — journal selection, reference management (Zotero), building the manuscript, and finalisation & submission — along with Scopus demonstrations at MRMCW and MRDCW.

6.3 Research Incentives 2025–26

Research incentives of ₹36.55 lakh were disbursed between August 2025 and June 2026 to 130 faculty members and researchers across seven institutional units, recognising publications, conference presentations, patents, book chapters, NPTEL certifications, invited talks and other research achievements. MRIDS and MRV & Schools were the two largest recipients. A biannual disbursement cycle has been established.

Intramural Seed Grant 2026

Under the Institutional Intramural Seed Grant 2026, 45 proposals were received and 20 projects were sanctioned with a total fund of ₹1.21 crore. Principal Investigators defended their proposals before the Grant Evaluation Committee, comprising senior institutional leadership and distinguished external experts. Four capacity-building workshops on seed-grant development were held at MRIDS, MRDCW, MRIPS and the Schools of Eminence.

Unit-level externally funded projects are listed below; University-level grants are presented in Section 6.4.

Malla Reddy Institute of Medical Sciences

Sr. No.	Title of Research Project	Sponsoring Agency	Investigators	Research Grant (INR)
1	Effectiveness of a Structured Educational Intervention in Improving Awareness and Willingness Towards HSC Donation Among Medical Students: A Quasi-Experimental Study	DHR-ICMR Short-Term Studentship (STS) 2025	Ms. Chanchal Vaishnav – Student Investigator Dr. Sahithi Mandava, Assistant Professor – Guide	Rs. 60,000
2	Mapping the Invisible Threat: A One Health Spatial Surveillance of Antimicrobial Resistance at the Human-Animal Interface	IAPSM-ICMR One Health Grant	Dr. C. Mahesh – Principal Investigator Dr. Sahithi Mandava, Assistant Professor – Guide	Rs. 25,000

Malla Reddy Medical College for Women

Sr. No.	Title of Research Project	Sponsoring Agency	Investigators	Research Grant (INR)
1	Effectiveness of Lifestyle Intervention for Hypertension Control, Anemia and Cardiovascular Risk Reduction among Adults in Low Resource Setting of Rural Area: Population based , A longitudinal , quasi experimental study.	Small Grant (ANVESHAN)	Snigdha Patnaik	₹18,000,000

Sr. No.	Title of Research Project	Sponsoring Agency	Investigators	Research Grant (INR)
2	Comparison of Concurrent Carboplatin & Paclitaxel Vs Cisplatin & Capecitabine in Squamous Cell Carcinoma Esophagus Patients Receiving Definitive Chemoradiation	DHR-ICMR	Dr. Swapna Jilla; Dr.Kolla Venkata Lakshmi Neeharika	₹100,000
3	Neoadjuvant Chemotherapy Followed by Definitive Chemoradiation Vs Definitive Chemoradiation in Stage III and IVa Squamous Cell Cervical Carcinoma	DHR-ICMR	Dr. Swapna Jilla; Dr.Patel Shaival Ketan	₹100,000
4	Effectiveness of Photobiomodulation therapy on Acute toxicities in Oral Cavity Cancer Patients Undergoing Radiotherapy	DHR-ICMR	Dr. Swapna Jilla; Dr. Manbeer Singh Sarao	₹100,000
5	Prospective Analysis of Serum IL-6 Levels and treatment Responses in Locally Advanced Head and Neck Cancers Undergoing Definitive Chemoradiation	DHR-ICMR	Dr. Swapna Jilla; Dr.Sanjana Rajendra Pardeshi	₹100,000
6	Comparison Of Acute Toxicities, Patient and Clinician reported Outcome in Breast Cancer Patients Receiving Hypofractionated Vs Ultra-hypofractionated Adjuvant Radiotherapy	DHR-ICMR	Dr. Swapna Jilla; Dr. Pavithra Devi K	₹100,000
7	Comparative Evaluation Of Acute Radiation Toxicities and Quality Of Life outcomes in Postoperative Oral Cavity Cancer patients treated with	DHR-ICMR	Dr. Swapna Jilla; Dr. Abbaraju Vaishnavi Manasa	₹100,000

Sr. No.	Title of Research Project	Sponsoring Agency	Investigators	Research Grant (INR)
	flattening Filter free Vs Flattened Beam IMRT			
8	Delay in Orthopedic Consultation after native bone setting and its association with fracture-related complications: A cross-sectional Study	DHR-ICMR	Dr. Y Srinivas; Aayusmita	₹60,000
9	Association between helmet use and injury pattern among two-wheeler road traffic accident victims presenting to emergency care	DHR-ICMR	Dr. Nishanth Muppa; Purva Harlalka	₹60,000
10	Study of Vitamin D levels in relation to severity of Bronchial Asthma in Paediatric age of 2 to 15 years in tertiary care hospital.	DHR-ICMR	Dr Muralidhar G; Aishwarya Ayinampudi	₹60,000
11	Association between glycemic control and severity of diabetic retinopathy among type 2 diabetes patients	DHR-ICMR	Dr Sikander A.K. Lodhi; Geetika Lath	₹60,000
12	Comparative evaluation of efficacy and safety of Topical, Systemic and combination of both Topical and Systemic Ciprofloxacin in management of discharging Chronic Suppurative Otitis Media	DHR-ICMR	Dr. Gera. Sadhana; Drishti Sinha	₹60,000

Malla Reddy Institute of Dental Sciences

S. No.	Title of Research Project	Sponsoring Agency	Investigators	Research Grant (INR)
1	“Assessment of neutrophil activation biomarkers in oral lichen planus patients before and after treatment in comparison with other inflammatory markers like CRP, ESR	Mahindra University	Dr.Ch.Lalitha	1,18,800/-

Malla Reddy Institute of Pharmaceutical Sciences — Consultancy

Faculty consultancy projects funded by industry

28. IQAC, QUALITY ASSURANCE AND UNIVERSITY-LEVEL INITIATIVES

The University Internal Quality Assurance Cell (IQAC), led by the Chief Accreditation Officer & IQAC Director, coordinated statutory, quality, research-governance and student-development activities across the University. The consolidated University IQAC Report was presented to the 8th Academic Council Meeting on 19 September 2026.

28.1 Quality Initiatives

- Internal Academic & Administrative Audit (AAA): the internal AAA for AY 2024–25 and AY 2025–26 has been planned across all constituent units, with documentation compilation and unit-wise readiness review under IQAC coordination.
- Accreditation and ranking participation was coordinated across eleven external frameworks (Section 3), including first-time participation in IIRF (MRIMS, MRMCW), India Today, The Week and QCI–NABET.
- SWAYAM PRABHA: course videos for MBBS Phase I & II, Dental Basic Sciences and the basic sciences of the Schools of Eminence are being made accessible through the University and constituent-college websites under this Ministry of Education initiative.
- University Vishwa Vani — the quarterly newsletter of the University — documents activities, awards, achievements and recognitions of every unit.

28.2 Faculty Development Programme on “Outcome Based Education and Teaching from the Heart”

The IQAC organised a Faculty Development Programme on “Outcome Based Education and Teaching from the Heart” from 25 to 31 May 2026. The programme strengthened faculty competencies in Outcome-Based Education, innovative teaching practices and learner-centric pedagogy. As a fitting close, participants and University officials visited Kanha Shanti Vanam, Hyderabad, for research talks and intellectual exchanges.

29. BEST PRACTICES

Best Practice 1: Paperless Examination and Digital Evaluation System

MRV is the first University in Telangana and Andhra Pradesh to implement end-to-end paperless examinations — a sustainable and transparent assessment model introduced in 2024 and fully operational during AY 2025–26.

Component	Details
Objectives	A fully digital, paperless examination system; environmental sustainability through reduced paper use; transparent, unbiased and efficient evaluation; optimisation of time, manpower and institutional resources.
Implementation	Biometric student authentication (iris / fingerprint); digital pad-based examinations; digital answer writing and submission; end-to-end digital evaluation with no scanning; secure online evaluation; encrypted digital storage.
Outcomes	Zero physical answer scripts (previously about 21,000 per year); about 2,600 reams of paper and an estimated 170 trees saved annually; examination cycle reduced from 65 to 22 days; manpower reduced from 740 to 50; physical storage of 4,500 sq. ft. eliminated; examiner payments processed in 3–5 days instead of 30–45 days; examiner satisfaction raised from 65% to 95%.
4-year projection (2029)	AI-assisted evaluation, multi-factor biometrics, predictive analytics, blockchain-secured storage and carbon neutrality in examination processes.

Best Practice 2: Bridging Healthcare and Engineering — Health + Technology Collaborative Projects

Who better to define a clinical problem than the students who experience it first-hand? MBBS and BDS students of MRMCW, MRIDS and MRDCW identified real-world problem statements from patient interactions and clinical workflows, which engineering students of Malla Reddy Engineering College for Women (MRECW) translated into devices, models and digital applications under faculty mentorship. The model trains future doctors to think analytically about systems and challenges engineering students to design with empathy.

- MRMCW × MRECW: 11 collaborative minor research projects built on problem statements from MBBS 2nd and 3rd year students; MRECW students presented work-in-progress at MRMCW on 1 April 2026.
- MRIDS & MRDCW × MRECW: 19 collaborative minor research projects from BDS 2nd and 3rd year students; presentations before the Dean and faculty mentors on 26 March 2026.
